

User Survey - Student Project Allocation

Dear Participant,

Thank you for your interest in participating in this survey.

My name is Hardik Jaipuria, and I am conducting this web-based survey for my dissertation project on Student Project Allocation under the guidance of my supervisor, Dr Alexandra Coddington.

Purpose of the Survey:

The purpose of the survey is to gather valuable insights and feedback from participants regarding their experience with the student-project allocation system. The survey aims to assess the effectiveness and usability of the system application and enhance participants' experience with the system. The data collected from the survey will be utilized for the research and dissertation project, providing valuable information to evaluate the impact of the Student Project Allocation and make informed conclusions about its effectiveness in the process.

Ethical Considerations:

Please rest assured that your participation in this survey is voluntary, and your privacy and anonymity are of utmost importance to us. We want to emphasize that we are not collecting any personally identifiable information during this survey. Your responses will be strictly confidential and aggregated for research purposes only. The data collected will be used in a way that ensures your anonymity throughout the study. All the data collected will be disposed of by 30th September 2023. It is important to note that there are no right or wrong answers, and your honest responses will greatly contribute to the accuracy and reliability of the study findings. If at any point you feel uncomfortable answering a question, you may choose to skip it or exit the survey.

Survey Instructions:

The survey for the student-project allocation consists of several sections covering participant information, experiences with the application, and overall satisfaction. It is designed to assess the effectiveness and usability of the student-project allocation process.

Please take your time to answer each question. Your honest and candid responses are invaluable in helping us gain insights into the application's impact and identifying areas for improvement.

The survey should take approximately 15 minutes to complete, depending on the depth of your responses. We appreciate your time and commitment to providing valuable feedback. Rest assured that all responses will be treated with strict confidentiality. Your identity will remain anonymous, and your individual responses will not be linked to your personal information.

Thank you for your participation and valuable contribution to this research project.

If you have any questions or need further clarification while completing the survey, please do not hesitate to reach out to us at [hardik.jaipuria.2022@uni.strath.ac.uk].

For any ethical considerations or inquiries, please reach out to the Departmental Ethics Committee at [ethics@cis.strath.ac.uk].

Sincerely,

Hardik Jaipuria
